Meet the artist

With his companies Sign Art Studio and Mancave Artworks, Indianapolis-based artist Mike McEvers provides clients with sublime technical Illustration, lettering, sign crafting, carving and digital illustration. He's especially passionate about projects that incorporate transportation and classic cars, which made him a perfect choice to create the SBW-sponsored mural, Keene Transportation Through the Years—Boston and Main Railroad.

"I love trains, mechanics, and most technical/engineering/architectural arts in general," says McEvers. "Celebrating Keene's Railroad history through my vision of 'Trains Through the Years' is a proud task and one I trust will give the community, smiles and photo fodder for years to come!"

As a longtime entrepreneur who has built a successful business over the past 25 years, McEvers discovered the Walldogs nine years ago, and loves the support and camaraderie the group shares. As he says, "best friends EVER!"
